After clicking on the link, pick the number of family members for the photo shoot. Then pick the open available dates. Grayed out dates are not available. Then pick the time slot on that day. After that put in your name and other pertinent information. That's it. Most important, make a note of the date and time and please arrive on time on that date with big smiles.

Please help us complete and update our photo directory. We have a lot of new members who will be covered in this directory. The schedule is such that lot of students and family will be getting together for the holidays. Each participating family will receive the free updated directory and one free 8X10 photograph.

We need **volunteers** to help with this endeavor. They will be at the photo sessions to help coordinate with the Chinmaya Mission family members. As a token of appreciation, volunteers will receive a **free photography session package!** Please email Nilesh Shah at nns58@yahoo.com to sign up with your name, phone number and email address or call at 713-398-2702. Thank you for volunteering!

We look forward to seeing you there!
